STORM SISTERS BOOK 1: THE SINKING WORLD

(Rovio Books 2014, approx. 350 pp.)

AFTER THE TRAGIC EVENTS of what has become known as the Day of Destruction – a day when they were intended to die along with their families – Charlie, Sadie, Liu, Raquel and Ingela find themselves sailing the high seas all alone. While a group of girls living on their own isn't the norm in the 1780s, the Storm Sisters are starting to realize that making the impossible possible is what they do best. The girls have a responsibility to maintain their legacy as part of a covert and ancient

organization known as The Storm. Their primary mission, however, is to survive so they can find out what really happened to their parents. Amidst pirates, hurricanes and other hidden enemies, this is not an easy task. All five girls will have to ultimately decide what's more important: saving others or saving yourself. Can their friendship prevail in a world full of danger and crises of the heart?
