FINGERS FOR LUNCH

by Brandt Lewis
Illustrated by Cori Doerrfeld

- There probably isn't a parent on the planet who hasn't pretended to "eat up" their giggling little ones' fingers and toes, and this book makes good, clean, but devilish fun of the absurd play that parents engage in with their kids, causing them to erupt into giggle fits!

- Fingers for Lunch will have a set of five die-cut holes that the child or parents can place their fingers through, and as the pages turn and the story progresses, there are fewer and fewer holes, causing the fingers to "disappear" one by one as they're "eaten.”
